### Product Description & Ingredients

Product Description	Looking for a crispy fry with a delicious potato taste? You can stop looking: our Stealth Fries Skin-on are the full package! With their transparent coating, they stay warm and crispy for longer, so they're not only perfect for restaurants, but also for home delivery and take-away! Lamb Weston's invisible coating has revolutionised the industry. Our Stealth Fries are thinly coated with a virtually transparent batter. This natural coating extends your fries' holding time, whether they're waiting to be served in your restaurant or on their way in a delivery bag. On top of that, the coating contributes to outstanding crispiness that outperforms regular fries! Our Stealth Fries Skin-on can be prepared in a fryer, oven or an air fryer. We've already added the right amount of salt for optimal taste. And because these premium quality coated fries are quite long, you'll be able to get more servings out of a single kg. This way, profitability and a delicious, full potato taste go hand-in-hand! Stealth Fries are available in different cut sizes and we even have delicious straight-cut and steakhouse varieties.
